

App. No. 10/009126

REMARKS

Applicant thanks the Examiner for a telephone interview conducted on July 26, 2005, with Joshua Randall (Reg. No. 50,719) to discuss the possibility of formality changes to the claims after allowance of the application. In the interview, the Examiner indicated that an amendment to claim 1 in line with the amendment shown above would probably be acceptable because it is not directly related to what the Examiner considers the allowable features of the claim.

Consideration and entry of the above amendments is respectfully requested. Any questions or concerns regarding this communication can be directed to Applicant's attorney listed below.

Respectfully submitted,
